Services for People with a Learning Disability

St Anne's Mission...

“Provide quality support, care and housing services;
promoting independence, opportunity and inclusion.”

Flexibility and choice

Introducing St Anne's

St Anne's Community Services is an established social care and supported housing organisation working across the north of England.

St Anne's provides a wide range of housing, day care and community support to people with a wide variety of needs. This includes people with a learning disability, a mental health or substance use problem and the many homeless people who still need our services.

St Anne's has rightly earned a reputation for innovation and responding to the needs of individuals with a range of high quality services, working in partnership with health and local authorities and other voluntary organisations.

St Anne's is now a major provider of care and support services throughout Yorkshire and in the North-East

More than just a House

Our services are much more than providing people with just somewhere to live or support to live independently.

St. Anne's aims to enhance the lives of the people who use our services with training, care, education, leisure, assistive technology, health promotion and the chance to live the life they want how they want to.

We create supportive and secure environments which respect personal privacy and dignity and promote independence, skills and abilities.

People are offered social, practical and emotional support and are encouraged to take advantage of all local leisure, educational and employment opportunities. We have experience of working with lots of different people from different backgrounds and our staff have developed lots of professional relationships across North Yorkshire.

People at the centre of everything

Clients are at the centre of everything we do

Clients are encouraged to be as involved in running the organisation as they want to be.

What People Say about St Anne's in North Yorkshire

For example, St Anne's Board (the organisation's governing body) has a strong Client

"...Nigel always seems happy and content which is a good sign of his overall care..."

membership and Clients are involved in a variety of ways in the recruitment of all staff who will support them. There are a number of Client forums and Clients also help to give feedback in surveys and as part of our internal inspections and visits.

"...my brother is very well cared for and the staff have responded to his changing needs..."

Wide Choice of Support Options

We are constantly looking at ways Clients can be more involved - if this is what they want.

These include:

- Supported Living
- Residential Care
- Floating Outreach
- Domiciliary Care

St Anne's avoids a 'one size fits all' approach but rather treats everyone as the individual they are.

Choice and Opportunity

People who use our services are as involved where possible in the development of their own care plans, and are supported in making informed choices about all aspects of their lives using a person centred approach.

St. Anne's currently has services for people with learning disabilities in Leeds, North Yorkshire, Calderdale, Kirklees, York, East Yorkshire, Middlesbrough, County Durham, South and North Tyneside, Sunderland and Newcastle.
