

NORTH EAST LEARNING DISABILITY SUPPORTED LIVING SERVICES

Independence Opportunity Inclusion

St Anne's Mission...

“Provide quality support, care and housing services;
promote independence, opportunity and inclusion.”

About Us

Founded in 1971 to work with single homeless people in Leeds, St Anne's Community Services provides a wide range of housing, day care and community support to people with a wide variety of special needs. These include people with a learning disability, a mental health or substance use problem and the many homeless people who still need our services.

St Anne's has rightly earned a reputation for innovation and responding to the needs of individuals with a range of high quality services, working in partnership with health and local authorities and other voluntary organisations.

St Anne's is now a major provider of community care services in Leeds, Sheffield, Kirklees, Calderdale, North Yorkshire and the North-East (Durham City, Newton Aycliffe, Sunderland, South and North Tyneside, Newcastle and Northallerton).

More than just a house

St. Anne's has been providing services for people with learning disabilities since 1985 and provide a wide range of services in the North East to enable people with a learning disability to live as independently as possible in their community.

We create supportive and secure environments, which respect personal privacy and dignity and promote independence, skills and abilities. Clients are offered social practical and emotional support and encouraged to take advantage of all local leisure, educational and employment opportunities.

Clients are as fully involved as possible in the development of their own care plans and supported in making informed choices about all aspects of their lives using a person centred planning approach.

Seven core principles guide all our work :

1. That we provide excellent services for the people we work for.
2. That Clients are at the centre of everything we do.
3. That we will develop new services where we know there is a need and that we are best placed to meet it.
4. That we celebrate and promote diversity at every level within the organisation.
5. That we are an organisation people want to work for.
6. That we are an organisation that learns together.
7. That we provide strong value for money and efficient financial management.
