- Person Centred Approaches
- Assessments of individuals needs are continually evaluated to ensure the effectiveness of agreed approaches whilst accessing the service.

## **Gold Standards Framework in Care Homes**

At 3 Fox View we are currently undertaking the Gold Standards Framework in Care Homes which is about delivering care to the best standard possible (a separate leaflet is available for further information).

### **The Guests**

All our guests must be 18 years old or over. Our guests stay on a regular basis and will have a total allocation of nights to stay per year, your care manager/social worker will advise you of this. We will work together with families and carers to be as flexible as possible to ensure we offer a person centred service for our guests. Our guests will need to bring in their own toiletries, clothing and medication (please refer to our medication protocol). At 3 Fox View we will hold family/carer meetings regularly and will welcome feedback about our service. We will be continually looking to develop the services we provide ensuring that they meet the needs of all our guests and their families/carers.

### **Activities/Leisure**

At 3 Fox View we offer a wide range of activities to help our guests enjoy their stay with us, we will be constantly looking for new ideas and will welcome suggestions from families/carers. Our guests will have access to our well equipped sensory room for relaxation sessions.
