About the Home

Smithies Moor Lane is a six bedded nursing home for adults with a learning disability. We provide 24 hour care and support to the people who live here. The bungalow has 6 individual bedrooms and there is level or ramped access to all areas.

The home has been fitted with a variety of adaptations to meet people's support needs including tracking, hoists and bathing equipment.

There is a secure garden area to the rear of property with seating area and flower beds, which some clients help to maintain.

Our aim is to provide accommodation that is a home rather than simply a house by providing a supportive environment with a fully trained staff team who ensure that people are treated with dignity and respect at all times.

We encourage and support people to make choices and decisions about their lives and provide person centred support to ensure each individual's dreams and aspirations are developed into reality wherever possible.

People are supported to lead active lives and to maintain and develop relationships with family and friends. The home has 2 vehicles, enabling clients to access community facilities and leisure activities.

Different activities that people currently enjoy are hydrotherapy, shopping, dining out, cinema, parks, tramp lining and day trips.

Kirklees Learning Disability Services

As we are a nursing home there is a Registered Nurse (Learning Disability trained) on duty 24 hours a day and there are also support assistants who are trained to meet the needs of the individual clients.

The home is inspected by C.Q.C (previously Commission for Social Care Inspection) and our inspection reports are available for you to see on line. Website address: www.csci.org.uk
