

“Our mission is to offer quality support, care and housing services that promote independence, opportunity and inclusion.”

Promoting Independence..... Opportunity... Inclusion. Interested?

St Anne's Community Services provides care and support services in local communities across Yorkshire & the Humber, the North East and the North West. We have a strong history of innovation and high quality provision, keeping service users at the centre of all that we do. Employing 1200 dedicated staff across more than 100 service sites, with a turnover over £30million and growing. St Anne's is still growing both in the locations we work in and the range of services that we provide.

A key role for the Board is supporting the Chief Executive and her Senior Management Team through agreeing strategic direction and monitoring performance.

We are constantly looking for further new members who want to make a real contribution to a vibrant, diverse and constantly evolving organisation. We are particularly looking for people with skills, knowledge and experience in the fields of law (housing, social care) and of health and social care - but the most important criteria is a commitment to the organisation and its values.
