

The Mission, Aims and Values of St Anne's Community Service

This booklet has been made by St Anne's Community Services.

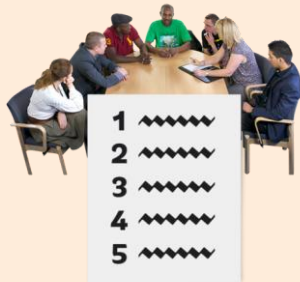

The Mission of St Anne's Community Services

To be an outstanding provider of high quality care, support and housing services that helps vulnerable members of society achieve their aspirations and lead fulfilling lives.

St Anne's has some specific aims. These are things that we want to do. We call these aims **Strategic Objectives**

We have six **Strategic Objectives** for the organisation.

1. Our Clients

We want to include everybody. Clients are at the centre of everything that we do. We will listen to everybody and include people in decisions that are being made.

2. Quality

To be able to support people safely and make sure that clients are doing the things that are important to them by reaching their goals.

3. Our Finances

To ensure that St Anne's Community Services has enough money to do what we need to. This means that the organisation can grow and develop to support more people.

4. Our People

To be an organisation that people want to work for. This means that people will share their skills with us. We want our staff to be happy and stay working for us.

5. Learning and Development

To celebrate learning, share skills and success so that we can all improve how we do things together.

6. Housing and Maintenance

To provide people with housing that is safe and well looked after in a supportive, caring environment.

The Values

As well as the **Strategic Objectives**, St Anne's Community Services have four core **values**. These are the behaviors and beliefs that we think about before we do anything.

Value 1. Person Centred

People are at the centre of all we do.
We promote client choice.
We promote inclusion and always put people first.

Value 2. Dignity and Respect

We respect the choices of our clients.
We respect the opinions and beliefs of each other and treat everyone with dignity.

Value 3. Quality

We aim to provide high quality support and challenge each other to improve.

Value 4. Caring

We are a caring organisation.
We support people to grow and achieve.

We always try to show these values by **making a difference every day**.

The Board of Trustees work with the Managers at St Anne's Community Services to make sure that we do what we say we are going to do.

If you would like more information about St Anne's Community Services and the work that we do, you can contact our **Central Support Services**. This is our office based in **Leeds**.
