

Nursing Care

Nursing Care

Our 24-hour nursing care, available at our homes, enables our clients to live in a friendly and relaxed environment, whilst receiving expert specialist support

Our Nursing Care services are focused on the individuals we care for and are delivered with the full involvement of each one through our Person-centered planning approach.

Each care plan:

- Is targetted to the needs, aspirations, and preferences of each client.
- Is outcome focussed with SMART goals.
- Supports the development of independence, relationships, experiences, opportunities, and skills.
- Is fully interlinked with Positive Behaviour Support Plans and Risk Assessments where relevant.
- Is multi-agency linked, with clear agreements about how other agencies are involved in the client's support.
- Works in line with any Liberty Protection Safeguards for clients who may lack capacity .

We have nursing services across West Yorkshire.

Specialist Needs

Partner Support

Our Nursing services work with partners to ensure adults with complex needs get the best support, this may include psychology, psychiatry, community learning disabilities, mental health teams, and GP access.

Addition specialist training based on nursing requirements and client's needs can include:

- PEG Feeding
- Postural Care and Management
- Physiotherapy
- Intensive Interaction
- Complex needs
- Physical needs
- Wheelchair users
- Hoisting
- Enteral feeding
- Oxygen therapy
- Stoma care
- Nebulised medication
- Medication administration
- Underlying health conditions

End-of-life Care

Our NHS-approved and co-created end-of-life care support package, 'Doing it my Way' is a comprehensive approach to end-of-life care for people with learning disabilities, it comes with guidance documents, support planning tools, and communications guidance.

A Home from Home

All our homes strongly promote inclusion, and the people living in them are consulted in decisions affecting them and their lives, regardless of their level of ability.

Our facilities provide everything available to ensure the people we support lead fulfilled lives, from additional medical support for those with higher needs to nursing equipment and meticulously developed environments to provide the very best support for each individual.

We work collaboratively in our nursing services to ensure properties are adapted to meet our clients' needs including working with health professionals. We want our clients to feel at home, so we encourage and support them to decorate their rooms so they can enjoy the environment they like most, allowing the place they live to bring comfort, safety and a sense of joy to their lives.

Quality

All our homes are CQC registered, and all of them are rated as either "Good" or "Outstanding":

Please see here for more details:

Our Teams

Our Nursing teams are highly trained and experienced. We work in line with Skills for Care and CQC recommendations as well as REACH standards.

All our Nursing services have:

- NMC (Nursing and Midwifery Council) registered nurses. We provide them with clinical training in order to meet their professional development and provide the highest standards of care.
- Staff with Diplomas in Health and Social Care, with all staff working towards a minimum of Level 2 qualifications, those working with complex people we support towards a Level 3, and managers to a Level 5.
- Staff who are trained for interaction with clients, including motivational techniques, negotiating, listening, building trust and empathy.
- BILD-certified behavioural support plans for clients
- Take a Trauma-informed approach to prevent re-traumatisation.
- Emergency First Aid and the administration of specific medication.
